ATV Riding Permits to Go on Sale August 15th

Riders will be able to purchase permits to ride on the designated county roads starting August 15th

By Michael Toon  
Carlisle Weekly

Permits to ride on the newly ordained Carlisle County Riding Trails System for All Terrain Vehicles (ATV's) will go on sale on August 15, 2012 and can be purchased at the Carlisle County Judge Executive's Office.

The permits, which are the first steps in Carlisle County's plan to generate revenue through tourism, will be sold at the following

tiers:

For the year round rider/outdoor enthusiast, you will be able to purchase a yearly riding permit for \$150.

For the weekend rider, they can purchase a permit that will cover from 5:00 p.m. Friday to 8:00 p.m. Sunday for \$25.

For the one day rider, they will be able to purchase a one day riding permit for \$10.00. All permits pertain to the vehicle and not the in-

dividual. So if you and your family took your one ATV to the designated riding areas, those members would be able to ride the ATV as long as they follow the Kentucky State laws that govern ATVs. The roads that are included in the Carlisle County Riding trails system are as follows: County Road # 1217, 1218, 1219, 1222, 1308, 1310, 1321, 1324, 1325, and 1331.

Any person who operates an ATV as defined in the

Kentucky Revised Statutes in violation of this ordinance without purchase of the required permit are subject to a fine up to \$250.00.

When you purchase your permit you will receive a map with your permit showing exactly what roads are included in this ordinance. Should you have any questions or concerns please feel free to contact the County Judge's Office at 270-628-5451.

St. Charles Annual Picnic Weekend to Kick-Off With Cornhole Tournament and Benefit Run on Friday

St. Charles Catholic Church has been holding its annual picnic for over 100 years

By Michael Toon  
Carlisle Weekly

The St. Charles Catholic Church invites people of all faiths to its annual picnic. The church has held this event for more than 100 years. St. Charles Catholic Church was

formed in the 1891 in Eastern Carlisle County between the communities of Kirbyton and Thomasville, and has grown to over 125 families. In the late 1918 an 8th grade school was established. Kirbyton's Dean Thomas attended the

school until he was in 5th grade when the school was shut down in 1966 due to the lack of inadequate monetary aide. "I really enjoyed going to school back there, when we had to walk to school every day. I have great memories of

those years." Thomas said. The St. Charles Picnic is not only a time for former members of the church to rekindle old memories and times of the past but it is a chance for the community to come together and celebrate fellow-

ship. The St. Charles Picnic weekend kicks off on July 20th with its third annual Cornhole Tournament that will begin at 6:00 p.m. with registration for the tournament beginning at 5:30 p.m.

To register your teams for the cornhole tournament contact Shaun Hayden at 994-0394 or Brian O'Neill at 994-5757, concessions will be available during the events as well. A new wrinkle to the Friday Festivities is the West Kentucky Right to Life 5K Run for Babies and a One Mile Fun Run in the Cunningham area at the crossroads of 408 and 307.

The roads in that area will be closed from 6:00 p.m. to 8 p.m. For more information, visit <https://sites.google.com/site/runforbabies/> or contact Lorry Beth Wilson [lorrybeth.wilson@gmail.com](mailto:lorrybeth.wilson@gmail.com).

On Saturday July 21st the fun continues from 10:00 a.m. to 10:00 p.m. when the picnic gets underway. 5,000

pounds of mouth watering BBQ Pork, Mutton, and Fried Chicken will be cooked and will be available for purchase by the pound or by the sandwich. Great home cooking will be on the menu as it is every year at the picnic. Dinner will be served from 11:00 a.m. to 1 p.m. and supper will be served from 4:30 p.m. to 7:30 p.m. Great prizes will also be up for grabs at this year's picnic as well as St. Charles will be raffling off a \$2,500 cash prize for the first place drawing, a Lane Rocker Recliner, donated by Gilliam Thompson Furniture, for the 2nd place prize drawing, \$300 cash for the third place drawing and \$200 for the fourth place drawing. A night of bingo, games, and live music will also be on tap as well. The St. Charles Catholic Church encourages you to bring your family and friends to the 2012 St. Charles Picnic!

#### Associate with Miracles

When reading the Bible it is not hard to find God doing miracles. It is not hard to find people in the Bible believing for and asking God for miracles. Somehow many people today think that all that is just a myth. Some say they didn’t really happen at all, that it was all an allegory. Still others say that miracles ceased when the last of the apostles died. However there are none of those people that can explain how miracles still happen. You see the only theology that works is that God is still the same today and will be always and what He has done, He still does the same today and will do tomorrow and forever! This theology is called believing what the Bible says about it and that’s it!

Many times in the Bible people would ask or come to Jesus for a miracle. One such time is when Lazarus was sick. His sisters Mary and Martha sent for Jesus, but Jesus tarried in coming. When God waits before answering our requests it is for a good reason. The most common reason is that He wants to do something greater for us than our request. When Jesus came Lazarus had been dead four days already but Jesus raised him from the dead! A miracle! After this miracle they made a great feast and many came to rejoice because of this miracle and to see Lazarus who had been raised from the dead. (John 12:1-11) But there were

some who came that wanted to put Jesus to death and Lazarus too. When we receive a miracle from God there will be many who will be critical and try to make us believe something took place instead of a miracle. The devil will always show up to try and steal, kill and destroy.

The scripture above says that many believed in Jesus because of this miracle. Miracles will draw a crowd and miracles will help people believe in Jesus to save them from their sins.

This is the greatest miracle of all, to be born again and know that our names are written in the Lamb’s book of life. The scripture tells us that all the angles rejoice over us when we accept Jesus Christ as our Savior and Lord. Jesus also told us to rejoice more over this than all the miracles we receive.

Many people seek after Jesus only for substance, what they can get materially out of Him. (John 6:26) but Jesus taught that we should seek first the kingdom of God and His righteousness and all other things that we need will be added to us. (Matt. 6:33)

Jesus is always doing miracles just as He sees His Father doing miracles. The apostles and prophets preached Jesus and His miracles. (Acts 10:38) The apostles themselves were always associated with miracles because they had and were associated with Jesus. It is not wrong to believe in and ask for miracles from

God. My family and I have done that many times.

Even people in the world want to see miracles. Herod the wicked king wanted to. People use the word miracles in association with some seemingly great thing. When advertising the word “miracle or magic“ will be used to get people’s attention to try and persuade people to believe what they offer is something great that can’t be gotten anywhere else, wrong!

God, through Jesus Christ by the power of the Holy Ghost is the only miracle worker. If you want miracles in your life you must associate with true miracles, with people of faith who believe and pray for miracles. We must associate with preaching and teaching of miracles as the Bible says. We must associate personally with the God of miracles, Jesus Christ!

Come on- dare to believe!

## ONE PRESSON’S VIEW

By Kay Presson

Friday, July 13, 2012, was a very interesting and full day. I had asked my employer, Hancock’s of Paducah for permission to be off from work and they, being considerate folks, allowed me to do so.

Two events I attended were Sue Ann Tolbird’s retirement reception and the Senior Citizens Center Auction/Supper Fundraiser.

At Sue Ann’s retirement I reflected on our friendship over the years and as the poem written in her honor states, I am honored to be her friend.

In the time between Sue Ann’s retirement reception and before the Senior Citizens’ Center Fundraiser, I went to Melody Shehorn at Shear Creations to get my hair cut. She asked me to pass the word that Shear Creations is having a “Back to School Special” where students can receive a hair cut for \$10.

Melody did a great job cut-

ting my hair and I appreciate her taking me in on such short notice.

My day ended with a wonderful meal, great camaraderie and laughter. Bruce and Wayne Deweese led the auction with a full house in attendance. As, I looked around the room, it was full of wonderful people that made me reminisce a bit.

Marie Lynn sat across the table from me and we discussed times past. My newest friends, Gary and Leana Christenson sat beside me.

As I sat there I couldn’t help but think back to the major role and influence that Lucille Harp has on the senior citizens center and how proud she would be.

We are thankful and proud of our Senior Citizens Center. It is a perfect representation of what is so great about Carlisle County and that is our citizens.

So in conclusion, thank each of you who helped make July

13, 2012 a wonderful day.

#### TO SUE ANN

Sue Ann, ten years ago, you were hired and August 2012, you will be retired

The City of Bardwell, you have served and your retirement is well deserved So, enjoy it and continue on, serving your country nation and beyond

You were a cheerleader as a teen and you encouraged many folks, from what I have seen

So, thank you, Sue Ann we appreciate you and will continue to cope with life as we go through

Thank you, again and again for I am honored that you are my friend

#### This week's inspiration

This week's inspiration from scripture verses Mark 4:35-41: A New York City lab claims to have bottled trust out of a naturally occurring odorless hormone. Common sense tells us that this is nuts. However, trusting people does involve biology and chemistry. What causes us to place our trust in someone? In the story told in these scripture verses, the waves were tall that night. The disciples awakened Jesus to tell Him that the boat was about to sink. He commands the winds to be still and they did. The disciples were stunned. Then Jesus asked them why there were afraid, where's your trust? We want to have trust and faith but sometimes it's hard. Sometimes it might seem easier if we could spray on some liquid trust. Jesus' miracle was calming the disciples during the storm – not calming the storm itself. Jesus is capable of delivering us through all the storms of life. We trust Him because He has demonstrated His love for us.

**ADAM H. EDELEN**

**AUDITOR OF PUBLIC ACCOUNTS**

The Honorable Greg Terry, Carlisle County Judge/Executive  
The Honorable Steve McChristian, Former Carlisle County Sheriff  
Members of the Carlisle County Fiscal Court  
Independent Auditor's Report

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the former Sheriff of Carlisle County, Kentucky, for the year ended December 31, 2010. This financial statement is the responsibility of the former Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. As described in Note 1, the Sheriff's office prepares the financial statement on a regulatory basis of accounting that demonstrates compliance with the laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the former Sheriff for the year ended December 31, 2010, in conformity with the regulatory basis of accounting described in Note 1. Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole. The schedule of excess of liabilities over assets is presented for purposes of additional analysis and is not a required part of the financial statement. Such information has been subjected to auditing procedures applied in the audit of the financial statement and, in our opinion, except for the effects of the limitation described in paragraph four above, is fairly stated in all material respects in relation to the financial statement taken as a whole. In accordance with Government Auditing Standards we have also issued our report dated May 2, 2012 on our consideration of the former Carlisle County Sheriffs internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit. Based on the results of our audit, we have presented the accompanying comments and recommendations, included herein, which discusses the following report comments: 2010-01 The Former Carlisle County Sheriff Had \$5,851 Of Disallowed Expenditures 2010-02 The Former Carlisle County Sheriff's Office Had A Lack Of Segregation Of Duties 2010-03 The Former Carlisle County Sheriff Should Have Strengthened Internal Controls Over Financial Reporting 2010-04 Internal Controls Over Daily Receipts Should Have Been Strengthened This report is intended solely for the information and use of the former Sheriff and Fiscal Court of Carlisle County, Kentucky, and the Commonwealth of Kentucky and is not intended to be and should not be used by anyone other than these interested parties. Respectfully submitted,

**Adam H. Edelen**

Chile Pepper's Rib Challenge

## Challengers #6

The key to great barbecue: Keep it simple, say Shane Draper and Mike Owings of Draper's BBQ, who have serious convictions when it comes to ribs. Read why this duo is one to watch in our Quest.

by Rick McMillen

64 JULY/AUGUST 2012

Shane Draper's first comment to me, via phone interview: "Many barbecuers are producing fluff!"

When I heard that smacktalking, I knew, without a shred of doubt, that Shane Draper and his partner-in-crime Mike Owings would have to be our next contenders in Chile Pepper's Quest for the Perfect Ribs, set to take place in Houston later this summer.

That, my fellow chileheads, along with their indescribably great ribs, is why I selected Draper's BBQ as our sixth challenger. Let the games begin (again!)

Draper's BBQ firmly believes that barbecue is a craft and an art, not a business model. They feel strongly about keeping things simple and also paying homage to the succulent pig—who gave his life for all of us chileheads to enjoy—which should not be invaded by an endless array of spices, rubs and last-minute, false flavors. I'll give them this: They are not afraid to say what they feel and when their sentiments are backed up with results, it's not bragging, it's a fact.

The duo, proud and and aggressive owners of Draper's BBQ, along with Shane's dad, Mike Draper, openly refer to themselves as the dark horses in our Quest for the Perfect Ribs; however, everyone should be aware that they will be presenting the judges with a superb rib offering.

This has been a great quest, one that has delivered diverse and individually unique barbecuers, who have all brought to the table a strong lineage of barbecue skills combined with an undeniable passion for manning the grill.

Shane and Mike are both married with kids, and they spend endless hours daily and weekly at their IT jobs. Yet, their evenings and weekends are filled with the drive to continue to grow Draper's BBQ into a formative professional barbecue team, competing at the high-end events (i.e., Memphis in May) and many other non-descript appearances. Additionally, these young entrepreneurs donate their time on many weekends each month to cook for and feed crowds at charitable events. On top of all that, they have their own line of barbecue sauces and rubs, and each work both ends of the candle to prep, pack, ship and market their products.

**I do not do this for fame, glory or riches. I do this for smiles and respect of those that eat my food and the satisfaction that is provided from their happiness.**

This team is incredibly multitasking, and love to multi-task while diligently researching and developing new products and avenues to grow their business. They both agree that even though they love to tackle all challenges presented each day, they still must enjoy what they do, and feel that barbecuing is the path to open all of the doors of opportunity for their business.

Three generations of pride and flavor!

Additionally, Shane believes that barbecue has crossed into the mainstream. This boom in popularity has brought some positive things and some negativity to the field as well. He feels that being a real barbecue craftsman means to be a competitor, business person and backyard cook. As a third-generation pit master, he enjoys his lifestyle, culture and community, and takes those commitments very seriously. To that end, Shane has created a meat manifesto that in part reads:

## I AM A BBQ CRAFTSMAN.

- I had a dream and I pursue my dream with honor, perseverance and respect.
- I do not rely on gimmicks or trickery. I rely on integrity and a commitment to excellence.
- I remain open to suggestions, mentoring and teaching at all times. I want to learn and improve.
- I do not subscribe or submit to fads. I only need smoke, heat, spice and meat; everything else can come and go but I stay true to and pay the utmost honor to those core ingredients.
- I train hard seeking to make the perfect bite of BBQ. My skills are tested every time I start a fire.
- I do not do this for fame, glory or riches. I do this for smiles and respect of those that eat my food and the satisfaction that is provided from their happiness.
- I believe in myself, my flavor profiles, my talents and my equipment. On any given weekend I can be best or become a world champion.
- I refuse to make excuses. If I do not win, the fault is mine, not the judges. I replace excuses with reasons to improve my product and process.
- I show respect to those who have paved my way. I always congratulate every winner.

This, my fellow chileheads, is a team to watch closely in September.
